Re: Application of Wyboo Plantation Utilities, Incorporated for Expansion of Service Territory in Clarendon County
Docket No. 2007-135-WS

Dear Mr. Terreni:

The Office of Regulatory Staff has reviewed the above referenced Application and is hereby notifying the Public Service Commission of a concern regarding this application.

On May 25, 2007, employees of the ORS conducted a site visit of Wyboo Plantation Utilities in Clarendon County. This system possesses the proper drinking water and sewer permits from the South Carolina Department of Health and Environmental Control to provide water and sewer service.

The ORS' concern with this application relates to the performance bond which is required to be posted by the owner of a system. Mr. Mark Wrigley currently has a performance bond on file with the Commission for water and sewer operations which uses a personal financial statement as surety for water and sewer services for Wyboo Plantation Utilities, Inc.

The information provided by Mr. Wrigley to the ORS on his latest personal financial statement is inadequate and insufficient to accommodate the service area expansion of Wyboo Plantation Utilities, Inc.

Please let me know if you have any questions regarding this matter.

Sincerely,

Nanette S. Edwards, Esquire
